Subject: Notes from Call with Jen Opila

Wednesday, March 11, 2020, 8:30am

- Covid-19
 - Cancel CAGs?
 - Do remotely?
 - Lowry - state/EPA meeting next week?
 - Twing?
 - Request to Limit non-CDPHE visitors at their building as much as possible(due to emergency ops in building)
 - Keep state SF DD's across the region informed if we TW
 - Question: if we get to public health emergency, how do we manage our cleanups? Especially where we are interacting with the residents, or needing to do indoor cleanups (e.g., Pueblo)?
- Managers meeting on Monday, 3-9
 - Originally at DD level
 - Request Aaron and Tracie to attend bi-monthlies
 - DD only engage if needed on an issue basis
- EPA moving to bi-monthly CAGs?
 - Jen - okay for some of CAGs but need to be strategic about it; concern about equity issues
 - **Lowry**, VB-I70, **CO Smelter**, BPMD (2 CAG/month)...probably need to continue monthly;
 - need to have a broad discussion and not do this site by site (Canyon City - we could go every other month there)
 - State concern that there seem to be things lately that are one -off (e.g., made at a site by an RPM) decisions and not discussed as a whole with the state
- VB-I70
 - Discussed letters...EPA and follow-up from state
 - Rewriting EPA letter to have more EJ material
 - State letter - supporting EPA to re-engage with western group but also doing broader community focus, bigger meeting on EJ issues - Suncor, western expansion, I70 expansion, not really
 - Broader concerns of community from air, water, solid/haz waste perspective....separate these efforts from the SF issues
 - Goal would be to have 1 letter from EPA/state but at least the EPA letter, followed by a state letter
